Presidents' Report

Welcome back to another year of learning, fun, and fellowship. We trust that your summer was relaxing and you are ready for the exciting year ahead. We welcome several new members on the executive board, as well as those continuing to serve. It's always great to have fresh ideas for activities and fundraising projects. Special thanks go to Sherry Petitt and Kathy for getting this year's programs organized, off, and running. Join us and bring a prospective member to any of our meetings (except March, the voting meeting) to acquaint them with our society. For those of you who are retired, you may wish to help out with RIF and/or help with working teachers in the classroom. Don't forget to keep track of your THAT hours and send them to Ginny Hall by December 1st. A great way to get to know your fellow sisters is to become an involved member. The Area V Conference will be at St. Paul's Church in Salinas on October 27, 2012 at 10:00 and is another wonderful way to interact with chapters in our locale. We are looking forward to working with all of you as we kick off our year with our first general meeting at Markham Ranch Clubhouse on August 25th at 10:30. We appreciate everything you all do to make us the great chapter we are!!

Delta Lambda Awards Recruitment Grants

Our local chapter of Delta Kappa Gamma awarded each of four new teachers with a \$500.00 grant, based on a process that included submission of an application and letter of recommendation. The candidates were asked to describe factors which influenced their choice of becoming a teacher, their experiences related to teaching, and major school and community activities in which they have been involved.

Each application was reviewed by the Grants and Awards Committee: Marilyn Whitcomb and Catherine Hendrick (co-chairpersons), Karen Crummey, Claudia Coury, and Betty Ann Campbell. Selections were made based on the responses in their applications.

Delta Lambda is proud to announce this year's grant winners:

Kimiko Tsuji—CSUMB student teacher with Betty Aynaga and Kelly Garcia at Del Rey Woods

Kelly Mottershead—CSUMB student teacher with Joann Babauta and Ann Madden at King

Veronica Brewington—CSUMB student teacher with Mary Livingston Reed and Martha Barbero at Highland

Karen McCall—Cal Teach student teacher with Kate WOOD at Marina Vista

Thank You

Thank you, Haze Braudrick, for hosting the End-of-the-Year Meeting in your beautiful home on June 9th! Meet the Board Members

Each Rose report will introduce a few members of the Executive Board. Here are the first three.

Sherry Petitt

I began a 28-year teaching career with MPUSD in the GATE Program, and proceeded to teach second and third grade until retirement in 2006. Teaching was my joy! I've had a happy union with my husband, Charlie, these past 30 years, and a close relationship with my four inherited children and grandchildren, even though they live on the East coast. Retirement has allowed me to pursue a passion for gardening, a joy of reading, as well as volunteer work.

Kathy Caves

I began my teaching career with MPUSD. I feel very fortunate to have spent 18 years, teaching mostly 3rd grade at Marshall School, surrounded and supported by a truly professional staff! A very wise principal encouraged a group of us to pursue our Masters Degrees. After 18 months in a Distance Learning Program through the University of the Grand Canyon, we were all awarded our Masters of Arts in Teaching Degrees - what a wonderful, learning experience!

I was raised in Tarkio, MO, with three younger siblings, by active, community minded parents. My first year of college was spent on the Gulf Coast at Gulf Park College. I transferred to the University of Colorado at Boulder where I graduated in 1966. My husband, Tom, and I have been married 46 years and have three children and six grandchildren. They live in Capitola, CA, Durham, NC, and Prague. I enjoy traveling, reading, Gentrain, outdoor activities, singing in my church choir, and spending time with family and friends --- which often involves travel! "Education" is very important to me and I'm thankful for DKG, as it keeps me involved in the "process".

Gail Boger

My life has been about learning and problem solving: The first third was spent in Oregon learning the basics of leading a good life. This was followed by learning the ropes of teaching, marriage and raising children. The preceding third has been enjoying the working and marriage, and still learning about raising children. What percentage comes next will likely be more of the same, minus the teaching work and hopefully learning about grandchildren.

New Teachers Welcomed

A few weeks ago a total of over 60 new teachers were welcomed, with a flowering rose plant, to the Monterey Peninsula, Carmel, and Pacific Grove Unified School Districts to kickoff the beginning of the 2012-2013 school year. A delicious brunch was provided to nearly 50 new teachers of MPUSD. Delta Lambda chapter co-president Linda Foy welcomed those new teachers on behalf of our organization with a beautiful message about the kinds of support we offer teachers. Many thanks go to the wonderful committee who put this event together: Marilyn Whitcomb and Catherine Hendrick (Chairpersons) and their committee: Ginny Hall, Kathryn Lawrence, Suzanne Siegelman, Donelia Dooley, Bonnie Clark, and Camille Liscinsky. Also thanks goes to Sherry Petitt for her organizational support.
