## Presidents' Message

Dear Delta Lambda sisters ~

Many of us were able to attend the Area V conference at the Bayonet Blackhorse. We had a wonderful meal, a silent auction, and a truly riveting and inspiring talk given by the Executive Director of Rancho Cielo, Susie Brusa. We have been very fortunate to hear excellent speakers at the Area V conference for many years and cannot help but encourage our Delta Lambda members to participate whenever possible.

We want to remind you of a few pending events that we are hoping most members will attend. Evite information has already been sent out for our **December 7 Holiday Meeting** at Del Mesa in Carmel Valley, which will be a great opportunity for good food, fellowship, and the all-time favorite, a meeting to allow various people to give reports.

And then we have our 63rd Birthday Celebration, to be held at **Carmel Hacienda on January 25.**

As many of you already know, we are trying something different this year. As a result of feedback from the membership, the Board agreed to give the silent auction a pause. This year, we will combine our birthday celebration with the Chinese New Year and include some fun entertainment and activities, music, and door prizes. There will, of course, be opportunities to contribute monetary support for our various educational projects -- RIF, Girls, Inc., etc.

Please come, bring your friends and celebrate with generosity.

We wish you a happy, heartwarming, and peaceful holiday.

## Vanessa Bredthauer Exhibits at the Monterey Museum of Art

Vanessa and Ed Bredthauer had an exhibition in the month of November in the Flux Gallery which is reserved for current local artists. Vanessa works in clay and Ed embellishes the vessels with pine needle basketry. The results are amazing. Their artist statement is below.

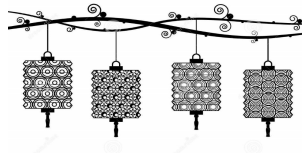

“We both are attracted to the natural world around us. Pine needles and clay represent nature in its essence. Just as trees grow from the earth, pine needles weave themselves out of each clay vessel, adding new direction and life. And as in nature, every sculpture is unique.

Our art is the result of “parallel play” \_ two artists working in two mediums, creating one vision. Our pieces reflect a trust in each other, both personally and artistically.

In the end, we strive to create works that inspire contemplation and a sense of wonder, much like Mother nature intended us to do.”
